### Auditor's Report

This certifies that I have this day examined the accounts of the Selectmen and Treasurer of the town of Stockholm for the year ending February 17th, 1917, and find them correctly kept and with proper Vouchers for the several charges.

Stockholm, Maine, Feb. 17th, 1917

### Report of Superintendent of Schools

To the honorable members of the Superintending School Committee and the Citizens of the town of Stockholm:

I have the honor of submitting herewith my third annual school report.

Our corps of teachers this year is as follows: Miss Sylvia Crockett, Miss Lois Candage, Miss Ethel Anderson and Miss Marie Anderson in the Village schools, and Miss Eunice Bowers in the Bergquist school. Miss Crockett was appointed to the position left vacant by the resignation of Miss Margaret Mahaney. She is a graduate of the Farmington State Normal School and has had several years successful experience in teaching. Upon the resignation of Miss Nina A. Wilder who for seven years served successfully as your primary teacher, Miss Marie Anderson, the fifth grade teacher, was appointed to fill the vacancy, and Miss Lois Candage, a graduate of the Eastern State Normal School at Castine, and a teacher with successful experience was appointed as teacher of the fifth grade. The school work is moving along splendidly and the attendance has been very good in spite of the extreme cold and stormy weather.

During the winter term the school was greatly saddened by the death of Henry Palm, a member of the eighth grade, and a boy of much prom-

ise and spoken highly of by his teacher and his schoolmates.

The school library is proving of great help to the school. With the liberal appropriation given last March the school was able to buy 262 books. We trust that our taxpayers will continue this liberal support to the library from year to year. The utmost care is exercised in the selection of books so that the reading shall tend to the acquisition of useful information and character building.

New blackboards are needed in the Rural School. These will cost about \$25.00 and the labor of setting them in place. These and a few minor repairs are absolutely necessary. The worn-out boards now in use there subject the eyes to undue strain. Creosote is dripping down the ceiling and along the chimney, disfiguring the interior and making it unsanitary.

Grammar school exercises were held last spring as usual at which the nine members of the eighth grade received their diplomas. An excellent program under the direction of the principal was given by the class.

The following appropriations are recommended for the ensuing year:

For support of common schools	\$700 00
Repairs	50 00
Supplies, text-books and library books	225 00
High School tuition	25 00

Respectfully submitted

S. M. NIEVEEN, Supt. of Schools
